CAREER OBJECTIVE

Computer Science graduate with hands-on experience in software development through real-time industry projects. Completed a Software Developer Trainee internship focused on scalable platform development. Skilled in Python, SDLC, and problem-solving, using AI tools to improve development efficiency and debugging.

SKILLS

- **Programming:** Python, C++ (Basic)
- **Web Technologies:** HTML, CSS, JavaScript, React (Basics)
- **Testing:** Manual Testing
- **Frameworks & Tools:** Django, Git, VS Code
- **Database:** SQL, PostgreSQL (Basics)
- **Core Concepts:** OOPs, SDLC

INTERNSHIP EXPERIENCE

Software Developer Trainee | Alstonair Technologies Private Limited **Feb 2026 – Apr 2026**

- Contributed to NAL India and FuSteps platforms through testing and development activities
- Worked on development of a modular SaaS engineering framework using Django, React, and TypeScript
- Developed Identity & Authentication modules including login, MFA, and session management workflows
- Implemented Access Control & Role Management features such as RBAC, permissions, and feature flags
- Developed and enhanced scalable workflows related to opportunity management and user profile systems
- Used AI tools to improve debugging efficiency and development productivity
- Gained hands-on experience in end-to-end Software Development Life Cycle (SDLC)

PROJECT EXPERIENCE

Alstonair Modular SaaS Platform

Reusable Django + React/TypeScript Engineering Framework

- Contributed to development of a modular SaaS engineering platform built using Django, React, and TypeScript
- Implemented reusable Identity & Authentication and Access Control modules including login, MFA, RBAC, permissions, and session management
- Improved scalability and maintainability through reusable architecture and modular component design

FuSteps – Career Development Platform

- Developed features for opportunity management and structured user profile systems
- Implemented scalable workflows for handling user data and platform operations
- Contributed to platform functionality and analytics improvements

EDUCATION

Bachelor of Technology in Computer Science and Engineering **2021 – 2025**

Presidency University, Bengaluru Karnataka

Pre University Education - PCMB **2019 – 2021**

RT Nagar Pre University College, Bengaluru Karnataka

Technical Certifications

- Software Engineer Intern – HackerRank Skills Certification
- SQL Basic – HackerRank Certificate
- Python Programming – Global AI Hub Certificate
